PLAYGROUND UPDATE – We are awaiting word from the city regarding the need for additional permits.

SUMMER DAY CAMP – Begins June 15th. Registration forms are in the office.

SWINE FLU PRECAUTIONS - It has been the policy in our office that students who come in with a headache or stomachache have their temperatures taken. If they have a temp of 99.6° or above, they have been sent home. With the recent reports concerning precautions for the Swine flu, students with symptoms and a temperature of only 99° will be sent home.

We have a policy regarding students NOT sharing drink bottles and/or food. We will continue to enforce this policy. Students are reminded to wash their hands frequently. We encourage parents to reinforce these habits at home. We also recommend you send hand sanitizers or “baby wipes” to school for your child.

The CDCP and WHO are encouraging people with symptoms to stay home and call their physician for assistance. If your child complains of nausea, vomiting, headache, cough or muscle aches please take his/her temperature. If it is 99 or above, please keep him/her home and call your pediatrician.
